

Home of the Fourth Royal Tank Regiment

Brigadier H Watkins died 04 April 2008, aged 87. Harry, or Boomer as he was affectionately known by some, served as CO 4RTR from August 1962 to late 1964. He will be remembered by our Aden and Radfan members. Having joined in 1965, I missed Harry's time with the Regiment, however his stories live on with the soldiers he served with. Quote from his obituary regarding the Regiments time in the protectorate: "a career high point, with it's zenith in his much praised handling of armoured cars in action in the Radfan campaign of 1964.
